#### NOISY TROUBLESOME MAIL ...

You always have to change the mail address of a cellular phone, thanks to troublesome mail. It is very serious to announce the changed mail address each time.

#### JUST DO THIS!?

Let's acquire an original domain "ex.com." One mail address is prepared there, it sets up so that the mail which arrived may be transmitted to a cellular phone, and announce it as "a mail address for cellular phones" to friends. Troublesome mail arrived. You change the mail address of a cellular phone and reregister it as a transmission place. Troublesome mail stops coming and it is not necessary to announce a new mail address. It is because... Thus, even if a you have an original domain acquired, when necessity does not have service to Hosting, please use this Lite Hosting Service!
