JUST WANT TO ONE MORE MAIL ADDRESS!

Mail address offer service is the service which offers the mail address using the domain name "NAME @nippondata.ne.jp" of DAWN WebService unlike "Lite Hosting Service" which transmits by preparing a mail address using the original domain which a customer wishes. It is the service for which a mail address uses two or more mail addresses with the case where only one is offered, a family, etc., from a provider when required.

YOU CAN GET FAVORITE MAIL ADDRESS!

As for the character of "@" left portion, you are freely decided using a half-size alphanumeric character and ". (dot)", "- (hyphen)" and "_ (under bar)." Moreover, if a mail transfer option is chosen, the mail which arrived to the favorite mail address can be transmitted.

NOTES... **1.** The number of the mail addresses offered with this service is one. **2.** In use, a transmission place mail address can be registered for "the mail transfer service Option" to ten affairs in total. **3.** When you want to change a mail address, the "mail forward service option" is used and you want to perform an addition, deletion and to make a change of a forward place mail address, it can perform from a "member service site." (In requesting these work from us, it takes 1,080JPY per one setup separately.) **4.** Please look at a "Lite Hosting Service" page to use the mail transfer service which acquired the original domain and used the original domain. **5.** There is no offer of an access point with this service. It is the requisite that the environment which a visitor can already connect to the Internet is prepared.
