CAN INFORMATION SHARING BE PERFORMED?

Bulletin board service is the service which provides the community on Web with indispensable "bulletin board". Since it can speak freely towards many and unspecified men by employing a bulletin board, users' communication and informational share-ization can be attained.

AS A PRACTICAL COMMUNICATION TOOL!

Recently, there are also many cases currently employed in the company, in the school, etc. A bulletin board is established for every affiliation and section, or team like the Administrative Division or a development department in the company. Moreover, in a school, a bulletin board is established for every subject unit. And a report meeting, an opinion exchange meeting, etc. are held using these bulletin boards.

NOTE... **1.** Let a visitor be an administrator about employment of a bulletin board. **2.** As for a CGI program etc., the man day of program development and the problem on management change with contents as which a visitor is requested. Moreover, please understand that there is a case where I am allowed to verify in our company in preparing a CGI program of visitors. **3.** Although an inquiry of development expense etc. is performed by Nippon Data Corporation serving as a window about the request about programming of CGI/Perl etc., about actual development, the Nippon Data Products Corporation performs trust development. **4.** Although Nippon Data Corporation takes charge fundamentally about the request about work of a homepage etc., for details, please consult separately. * In addition, if there is an unknown point etc., please ask freely.
